

We can take action now to support Food for All Oregonians

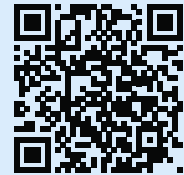

Everyone deserves access to food. Yet thousands of Oregonians are unfairly excluded from food assistance and other vital programs, leaving huge portions of Oregon's communities behind.

Together, we can pass policies that ensure all of us can access the food we need to thrive. Join us in urging our lawmakers to pass Food for All Oregonians (SB 611), which will:

- **Make food assistance available to Oregonians ages 0-25 and 55+** who are currently excluded due to immigration status.
- **Provide grocery money to families** that is similar to federal SNAP food assistance benefits.
- **Ensure everyone is aware of this vital support** through community navigation and outreach, improved language access and more.
- **Pave the way for future legislation** that will ensure everyone of any age has access to food assistance regardless of their immigration status.

**FOOD FOR ALL
OREGONIANS**

TAKE ACTION

FoodForAll10R.org/Pledge

Food for All Oregonians is how we make sure everyone in our communities — regardless of immigration status — has access to nourishing food. [Learn more at FoodForAllOR.org](https://FoodForAllOR.org)
